Farmer Attorney General Helped Cause Delay and Failure in Prosecution of Oklahoma Land Case, Witness Tells Senate Investigating Committee

WASHINGTON — (Associated Press)—A land frauds case in Oklahoma and a federal judgeship appointment in New York were gathered today within the farflung miscellany of topics receiving the attention of the senate Daugherty investigating committee.

H. M. Peck, formerly United States attorney for western Oklahoma, testified that Harry M. Daugherty had helped cause a delay and failure in prosecution of the Miller Brothers land case in that state with the result that the Miller group obtained and still hold land worth more than a quarter of a million dollars and have paid only a fine of \$10,000.

Wayne Wilson of New York was called to testify about an effort to get a federal judge, but he denied that he had told Olcott it would be necessary to put up a large amount of money for "the boys" or had discussed the matter in any way with officials of the department of justice.

Peck described a request for his resignation received from Daugherty in September, 1921, and his subsequent re-employment as a special prosecutor for the government. He referred the committee to Senator Harold of Oklahoma as to the reasons for this re-employment.

Peck explained that the case referred to was instituted against George T. Miller and four associates charged with defrauding Oklahoma Indians out of land.

Peck said that in four years experience as United States attorney he had never known of another case in which the attorney general took such personal interest. Acceptance of the guilty plea in the criminal cases was decided on the witness said, despite his recommendations that penitentiary sentences be demanded.

The committee indicated it would get from files of the department of justice and the United States attorney's office in Oklahoma copies of the letters and messages in this case bearing Daugherty's signature.

"I would not agree to anything which would relieve George L. Miller of a jail sentence," said the witness. He received orders from the attorney general, he continued, to make no recommendations to the court as to sentences and to dismiss the charge against the Miller brothers. The three others pleaded not guilty and George L. Miller was fined \$7,500. Victor Norton \$1,250 and J. C. Newton \$1,250.

The United States judge in sentencing them said he made the penalties fines because the government would undoubtedly bring civil suits to recover the lands for the Indians," Peck said, "and for that reason the penalty would be adequate. However the civil suits were never brought."

"The Miller Brothers are still in possession of the land. Oil has been discovered on it in several places."

Peck said he had no personal knowledge as to why the civil suits were not pushed. He prepared a report to the justice department, he said, saying that "Oklahoma people feel the Miller Brothers are able to escape the consequences of illegal acts because of political and financial influence."

"Counsel for Daugherty asked if a recovery suit in the Miller case was not 'in course of preparation.' That would be news to me," Peck replied.

Counsel then disclosed that Edgar S. Booth, a special assistant attorney general, started ten days ago to investigate again the Miller Brothers case.

"That's the same Booth who was solicitor to former Secretary of the Interior Fall," asked Senator Wheeler.

THREE PLANS APPROVED BY COMMISSION

Eureka-st and St. John's-av Citizens Will Get Relief

FUNDS ARE AVAILABLE

Property Owners to be Assessed for Sanitary Lines

Completion of two sewerage projects to afford relief to two residence districts at a cost of approximately \$175,000 to the city and a third project to be paid thru property assessments was launched Monday night at commission meeting.

Eureka-st sewer extending from alley east of Pine-st down Eureka-st with the Ottawa river and Wood-st as terminals, and the St. John's-av sewer connecting with Central-av line will be installed at total cost to the city.

Eight-inch sanitary sewers on five unimproved streets comprise the third project. Streets to be sewered are: Hope-av from St. Johns-av east to the east line of lots 15,194 and 15,195; Third-st from St. Johns-av to Hughes-av; Third-st from Sugar-st to west line of lots 18,985 and 18,986; Catalpa-av from Mulburn-av to Sugar-st; Hope-av from St. Johns-av west to west line of lot 15,222.

The St. Johns-av sewer must be first installed so the laterals charged to property owners can be connected with the main trunk line sewer.

Certified copy of valuation as submitted to City Manager C. A. Bingham by County Auditor C. R. Phillips shows a total valuation of \$52,800,000 with estimates incomplete. This is the gain thru construction and not by revaluation which officials predict will double the present valuation.

On this valuation with a \$260,000 return for sewer work the city has sufficient incoming funds, according to Manager Bingham, to warrant completion of the work in anticipation of the collection of the three mill levy.

This fund can also be utilized to meet the deficit on the Jones intercepting sewer job, which last night by the prefect threatened participants in riots or mob gatherings with penitentiary sentences or even capital punishment. These precautions were taken with a view to suppressing hostile demonstrations by the followers of the men on trial.

Hitler's followers arranged to signal news of the verdict from the housetops by wiggling as the police authorities prohibited public posting of the verdict and severely restricted admissions to the court chamber.

It became known today that Hitler's nationalistic anti-semitic party had nominated Ludendorff and Poehner for reichstag seats.

The verdict was received with popular approval, the populace being inclined to view it as a rebuke of Dr. Von Kahr, former Bavarian dictator; General Von Lossow, former commander of the Bavarian reichswehr, and General Seisser, former chief of the Bavarian police who repudiated the putsch after joining it at its inception as they claimed, under compulsion.

From a punitive aspect the sentences imposed on Hitler and his followers were generally considered lenient as Poehner and his staff will be obliged to serve only six months of their five year term after which they may be paroled on good behavior.

General Ludendorff appeared in court in full military regalia wearing numerous orders and decorations. He and other tributes were deluged with a mass of floral tributes which had been sent to the court room in anticipation of the verdict.

Despite the widespread police precautions the streets leading from the court house were quickly jammed with mobs of joyous admirers of both leaders who were greeted by deafening cheers punctuated by cries of "Down with Von Kahr, Von Lossow and Seisser!" (Recent dispatches reported that the three former Bavarian officials had gone to Italy "for their health.")

LENDORFF TRIAL

The trial occupied more than a

PRINCIPALS IN TREASON CASE

GENERAL LUDENDORFF

ADOLF HITLER

GEN. LUDENDORFF IS ACQUITTED

Former German Field Marshal Tried on Treason Charge

HITLER IS FOUND GUILTY

Leader of Revolt Given Five Years in Prison

MUNICH, Bavaria — (Associated Press) — General Erich Ludendorff, former German field marshal, was acquitted today of the charge of treason for his part in the unsuccessful revolt here last November.

Adolph Hitler and former Chief of Police Poehner were convicted and each was sentenced to five years imprisonment and fined \$200 in gold marks. Dr. Weber and Colonel Kriebel, accused of being Hitler's aides, received like sentences.

Dr. Frisch, former president of the Munich district, Captain Roehm, Lieutenant Henry Purnet who is Ludendorff's stepson, and Lieutenants Brueckner and Wagner were given 15 months and fined 100 marks each.

The main streets of Munich and all the approaches to the courthouse presented the picture of an armed camp. Steel-helmeted troops and heavy reinforcements of Bavarian police patrolled the streets, dispersing pedestrians.

An ordinance proclaimed late last night by the prefect threatened participants in riots or mob gatherings with penitentiary sentences or even capital punishment. These precautions were taken with a view to suppressing hostile demonstrations by the followers of the men on trial.

2 ARRESTED FALSELY, IS CHARGE MADE

Hardships of Jail Recounted by Man and His Wife

VIOLATIONS ARE RECOUNTED

Both Paid Fines in Liquor Case, Court Records Reveal

Twin suits for \$5,000 each were instituted in common pleas court Tuesday by J. E. and Minnie Rothlisberger, of E. North-st, against Willis Kipker, police inspector of detectives, for alleged false arrest.

The two were arrested "according to the petition March 17, and detained in jail two days. The charge preferred was violating a disorderly house."

Both plaintiffs assert that they were thrown into an unhealthy and unsanitary jail, that no bed or bedding was provided for their comfort and they were without good or sufficient food for two days.

Furthermore they were compelled to mingle with common and drunken prisoners, they say. The ordeal, it is mutually asserted, injured health of both.

Kipker is further charged with threatening to get the plaintiffs, prior to their arrest. He is alleged to have threatened them if they did not leave the city.

The plaintiffs assert their arrest cost them \$75 in cash to hire attorneys, loss of labor, and ask \$5,000 bail each to save injuries and humiliation suffered thru their arrest.

Police records disclose that the couple were arrested in a house occupied by Mrs. Ben Lyons, McKibben-st. Liquor was found in the house, according to police. The Rothlisbergers were arrested for frequenting the house, police say.

The National Surety Co., New York, surety for Kipker, also made defendants to the action. Kipker is bonded for \$1,000.

The Rothlisbergers were arrested in E. North-st by Sheriff Crosson several months ago charged with selling and possessing liquor.

He was later fined \$900 and the woman \$300, before Judge J. H. Hamilton.

TOLL OF CANNED HEAT GROWS

Death List at Toledo Is Increased to Ten

TOLEDO — (Associated Press) — Three Toledoans died today and another is dying as a result of having used as a beverage canned heat and denatured alcoholic preparations, bringing the total of dead for the same cause within the last 48 hours to ten.

John Kosciak, 35, died in Municipal hospital shortly after midnight, an hour after he was removed from a downtown hotel.

William Groff, 40, fell unconscious on the street and died at noon. Death was caused, it is said, by having used denatured alcoholic preparations as a beverage.

John Murphy, 43, died 10 hours after he and his companion drank denatured alcohol.

Thomas Buckwith, 40, was found unconscious in a doorway. He had been drinking canned heat, police say. He is dying, it was said.

Police and city officials are endeavoring to find some remedy for the situation. The wave of deaths has alarmed the city and council is trying to find some method to curb unrestricted sale of denatured alcoholic preparations.

JEFFERSON WEEK IS PROCLAIMED BY DONAHAY

COLUMBUS — Governor Donahay today proclaimed the week beginning April 6 as Jefferson Week to be devoted to honoring the former president and collection of funds to purchase and make a public shrine of his old Virginia home, Monticello.

DECISION AFFIRMED

CINCINNATI — Court of appeals affirmed decision that city has no legal right to assess an occupation tax on corporations which pay a tax to state for privilege of doing business.

RACE HORSES ARE BURNED

TOLEDO — (Associated Press) — A race track was destroyed by fire Tuesday night. The loss on the track is estimated at \$5,000. The track is owned by J. H. Strong.

April Fool

MILLENNIUM COMES TRUE TODAY

OFFMAN DENIES VIOLATION

...to Sell ... on Elm or Wayne-sts

STREET RIGHTS DISPUTED

Moyer and Bingham to Investigate Conditions and Report

Threat to test the city's right to prohibit his establishment of a curb market to sell his produce was hurled at commissioners Monday night by Charles Merritt, huckster, in his charge that officials had gotten nowhere in the investigation of conditions at the municipal market house.

Merritt asked for right to park a truck or Wayne-st or Elm-st, and sell produce on Saturday. When Commissioner Harold Cunningham and Ellis Jones protested he threatened to take that action and defend himself on grounds that municipalities have no jurisdiction as to the sale of produce on streets.

"Conditions at the market house are rotten and city officials know it. Yet they have done nothing to make them better," Merritt said on the floor in reiterating assertions of two months ago that higher prices are charged at the city market than at up town markets.

Hucksters are discriminated against in that they are forced to pay \$25 annual selling fee and are compelled to park their trucks at the rear of the market house and in addition pay \$1.50 a day fee, he stated. He demands right to use the space at the front of the market house or the use of other Wayne-st or Elm-st.

Manager C. A. Bingham and Mayor Earl Moyer are to investigate conditions in other cities, conditions at the local market and make a report to commission. Probe is also to be made to determine if an ordinance is in effect which prohibits use of Wayne-st and Elm-st as a curb market.

Merritt threatens to use either one of the streets if provisions are not altered.

"If you arrest me I can be satisfied if the city has a right to make the streets private property," Merritt said in reply to hints by commissioners that such a move would be taken if he attempted such a method of procedure.

RADIO FEATURES FOR TODAY

WGY, Schenectady (380 m) 7.45 p. m. (EST). — Radio drama "Snowball," a three-act comedy, presented by the WGY players.

KPC, San Francisco (423 m), 8 p. m. (PCST). — Concert of Spanish music (Spanish Night).

(Copyright, 1924.)

155,000 MINERS QUIT WORK TO CELEBRATE

HAZELTON, Pa. — Mining operations in the anthracite region were at a standstill today, the 155,000 mine workers remaining idle in observance of the anniversary of the granting of the eight hour day in the industry. Only the engineers, firemen, pump runners and others whose services were absolutely necessary remained at their places. The suspension was at the request of the district officers of the United Mine Workers who issued proclamations directing that the men celebrate the occasion.

"Eight hour" has been observed for years on April 1 but has added significance today because under the present agreement with the operators the basic eight hour shift is enjoyed by every man and boy in or about the collieries.

TENNIS COURTS MUST BE UNRESTRICTED AS TO USE

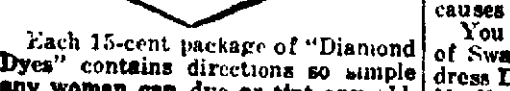

Negotiations whereby members of Lima Tennis club try to place tennis courts at Fawcett park with no restrictions as to their use will be started by City Manager C. A. Bingham in response to petition of 34 members of the club that they be given permission to place five courts at the park, three for private use and two for public use.

City commissioners favor the tennis courts in promotion of the city and on a legal ruling by Solicitor Paul T. Lamb it is decided that the city has no right to lease or donate land at the park for private purposes.

The city is willing to allow the club members to place five courts in the park with the understanding that they are for use of the public and not for club members only.

WOMEN! DYE ANY GARMENT OR DRAPERY

Waists Kimonos Draperies Skirts Dresses Gingham Dots Sweaters Stockings

Each 15-cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Drug stores sell all colors.

NEW YORKERS ARE VOTING TODAY

Delegates to National Conventions to be Selected

ALBANY, N. Y. — (United Press) — New York voters went to the primary polls today to elect delegates to the spring designating convention of the Republican and Democratic parties which will be held this month.

The conventions will elect delegates and alternates to the national conventions.

Two contests of more than passing importance are being waged in the metropolitan area. In the first district Ruth Lott, an independent, is fighting the designation of Theodore Roosevelt, assistant secretary of navy, as a delegate to the Republican convention. In New York City, former Senator Schuyler Moyer is waging a battle on Samuel Koenig, city leader, and Ogden Mills Reid, leader of the 15th assembly district.

WISCONSIN VOTING

MILWAUKEE, Wis. — (Associated Press) — Wisconsin today will select delegates to the Democratic, Republican and Prohibition party conventions, with contests between state leaders headed by President Coolidge and United States Senator Robert M. La Follette on the Republican side, and William G. McAdoo and Governor Al Smith of New York in the Democratic column.

Wire communication still is badly crippled and gathering of returns from rural districts is expected to be delayed.

PUTNAM-CO MEDICS WILL HOLD MONTHLY MEETING

COLUMBUS GROVE — The monthly meeting of the Putnam-CO Medical Society will be held Thursday in Columbus Grove and will take the form of a dinner at the Grove house at 6.15 p. m. It is the first time in many months that the meeting has been held away from Ottawa, but it was decided to make the change, which probably will be carried out in the remainder of the meetings this spring.

"Hypnotism" will be the subject discussed. Dr. J. A. Harold, of Ottawa, will speak on "The Antepartum," Dr. H. A. Nieswander, of Pandora, will talk on "Confinement" and Dr. H. H. Sink, of Columbus Grove, will tell of "After Treatment."

Dr. J. F. Hill, of Columbus Grove, is president of the society. Dr. W. H. Mytinger, of Le Sueur, is secretary and Dr. J. H. Backbaker, of Ottawa, vice president.

PARTY POSTPONED

GILBOA — The blue division of the Ladies Aid society, which had planned an April Fool's party for Tuesday night, has postponed the event until Wednesday night, owing to a game of basketball, to be played Tuesday night between Hamlet and Claville College. The social will be held at the home of Mr. and Mrs. J. D. Cable.

ELEVATOR BURNS

LEIPSDALE — Fire which started Sunday at 3.30 p. m. in the Farmer's Co-operative elevator at Deshler, north of here, consumed the building and contents, after several hours of work by volunteer fire departments of Deshler and surrounding towns. Loss is estimated at \$11,000.

MARRIAGE LICENSES

Charles G. Smith, 22, teacher, and Miss Gladys James, 21, teacher, both of Continental, Rev. Steete to officiate.

Jacob G. Smith, 22, farmer, of Leipsdale, and Miss June Kahn, 21, housekeeper, of Columbus Grove, Rev. Clarence Stewart to officiate.

James D. Crawford, 20, farmer, and Miss Fannie Conline, 19, housekeeper, both of Blanchard, Rev. P. Ross Parrish to officiate.

In remembrance of my dear husband, Levi W. Hoffman, who departed this life one year ago today.

Dearest darling how I miss you and your place can never be filled, but his God that has taken, and I am submissive to his will.

His wife, Mrs. Sarah F. Hoffman; his sisters and brothers and friends.

NUCOA stays sweet. Every pound guaranteed.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises made by the manufacturer. This applies more particularly to a medicine. A medicine preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, correct urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.

DELPHOS BRIEFS

Mr. and Mrs. Blair Meyers, Monroe, Mich., who attended the funeral of Isaac N. Miller here, returned to their home after spending a day as guests at the home of Mrs. Henry Hunt, S. Pierce-st.

Miss Mildred Stillkamp and Miss Gwen Plannagan, Delphos, are spending a week's vacation here. Both attend State Normal, Bowling Green.

Mrs. W. Bachman, organist at the Capitol Theater, left Monday afternoon for Toledo, where she will join her husband, Wm. Bachman, who is employed in that city.

Power was off on the Ft. Wayne, Van Wert & Lima Traction Co. line Monday for three hours, causing all cars in the afternoon to be late. The 2.39 car was annulled. The Ft. Wayne station had a breakdown in the turbine generator room, this being the cause of the lack of power.

Albert DeWitt, and his wife, Mrs. Albert DeWitt were both fined \$100 and costs in Mayor G. N. Leasure's court for possessing and selling intoxicating liquors. DeWitt pleaded guilty, but did not pay his fine. Mrs. DeWitt pleaded not guilty, but was found guilty by trial, and paid her fine.

COUNTY ROAD AID

Commissioners Expect Money in June Distribution

Federal aid on the Lima-Perryburg or the Lima-Ottawa-rd will not be forthcoming until early in July, county commissioners were informed Tuesday.

Appropriations for the allotment of federal money for Ohio is to be available at that time and Allen-co commissioners expect to obtain recognition in the distribution.

Promise of aid on the section has been made several times by the state highway department. Commissioner A. J. Gray, hopes to see the road paved as far as Calto this summer.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Many soaps and prepared shampoos contain too much free alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisified cocoon oil shampoo (which is pure and entirely creaseless), is much better than anything else you can use for shampooing, as this cannot possibly injure the hair.

Simply moisten your hair with water and rub it in. Two or three teaspoonfuls will make an abundance of rich, creamy lather, and cleanse the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy, wavy, and easy to manage.

You can get Multisified cocoon oil shampoo at any drug store. It is inexpensive, and a few ounces will last everyone in the family for months.

PROTECT YOUR CHILD'S HEALTH

Through thoughtlessness the slight cough or cold of a child is often neglected and soon becomes serious. New doses of FOLEY'S HONEY AND TAR COMPOUND, at small cost, taken at the onset of the cold would bring speedy relief. Be prepared, have a bottle of this safe, reliable cough remedy on hand, and give promptly when a cough or cold is detected. Equally as effective for older persons. No opiates.

LOSS OF CHARACTERS TO STOP PLAY PRESENTATION

DELPHOS — "Nothing but the Truth" the play that the dramatic society of the St. John's parish intended to feature after Easter will not be given at that time due to the fact that the society has lost some of the main characters that were to take part in the play.

However, Dr. Maurer, of this city under whose auspices the play was to be given is sending for another list of plays in order to pick one that will fit the characters that are available. The play that is picked will be given at that time and rehearsing will start immediately after decision has been made.

DEAD AT 124

JOHANNESBURG, South Africa — Old Jas, a native living on a farm near Kroonstad, has died at the age of 124. Free State officers who were commanding native drivers for the Basuto war in 1865 exempted him as being over the age limit of 60.

PENNSYLVANIA GRANTED

WASHINGTON — The interstate commerce commission today granted the application of the Pennsylvania railroad for inclusion of the Zanesville branch between Lancaster and Morrow, Ohio, in the Eastern Standard time zone.

Children make constipation a habit—relieve them with Kellogg's Bran

Children punish themselves terribly by ignoring nature's demands. They bring constipation upon themselves. They invite the many other diseases which can be traced to constipation. Immediate steps should be taken to rid them and keep them free from this disease.

It takes ALL bran to be 100 per cent effective. That's what Kellogg's is—ALL bran. That's why doctors everywhere recommend Kellogg's. That's why Kellogg's Bran carries a money-back guarantee to bring permanent relief, if eaten regularly, in the most chronic cases of constipation. That's why Kellogg's Bran, cooked and krumbled, has brought glorious, glowing health to thousands—because it is ALL bran.

No matter how long one has suffered with constipation, Kellogg's Bran will bring permanent relief. IF EATEN EVERY DAY—at least two tablespoonfuls—in chronic cases, with every meal.

Kellogg's Bran is delicious. It has a crisp, nut-like flavor that simply delights the taste. It is a wonderful surprise if one has been used to ordinary, unpalatable bran.

There are many ways to serve Kellogg's Bran. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Look for the recipes on every package and try it in muffins, bread, griddle cakes, etc.

Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is sold by grocers everywhere. It is served by the leading hotels and clubs.

CITY SEWERS ARE PROTECTED

Commission Lays Down Set of Rules for New Additions

Stringent legislation protecting the city sewerage disposal system from inferior systems in allotments adjoining the corporate limits was unanimously voted Monday night by city commission. The measure provides:

All sewerage in allotments must be constructed to conform with city plans, approved by Fuller and McClellan, consulting engineers.

No connections will be made with city sewerage plans unless they conform with city specifications.

That high sewers will not overburden the city disposal system. That the projects meet with approval of the state board of health.

With petitions for annexation to city of allotments improved prior to enactment of the ordinance a certificate of health approval and sewer plans must be presented. Plans submitted by the city provide for a city of 100,000 population and the sewerage district takes in territory within three miles of the corporate limits. With this information on hand officials are prepared to demand strict compliance with demands and no private allotment sewers will be tapped to city sewers until officials are satisfied that all conditions are met.

ELECTRICAL CODE IS PUT ON INITIAL READING

Lima's much discussed electrical code regulating wiring and installation of all electrical equipment was placed on first reading in commission chambers Monday night. Slight amendments were made in the measure by Solicitor Paul T. Landis but the general body is unchanged.

Minimum fees collected for inspections will meet the \$2,000 annual salary proposed for an electrical inspector whose duties will be to supervise all electrical work in an effort to establish a uniform code here.

MOTION PICTURE DIRECTOR FINED \$50 FOR CONTEMPT

LOS ANGELES, Calif. — Eric Von Stroheim, motion picture director, was fined \$50 for contempt of court when he registered rage testifying yesterday in an effort to obtain a reduction in alimony payments for his former wife, May Von Stroheim. Interrupted by counsel, he flared up with an "I'll smash your face." His honor flared up with "That statement takes a \$50 fine."

NEW METHOD HEALS RUPTURE

Kansas City Doctor's Discovery Makes Truss or Operation Unnecessary

KANSAS CITY, Mo. (Special).—A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of Dr. Andrews, the well known Hernia specialist of this city. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard, gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort, and healing power of his discovery, and he will send it on free trial to any reader of The News and Times-Democrat who writes him at his office 7091 Rock Bldg., Kansas City, Mo. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today.

Get This Out—It Is Worth Money. Send this ad and ten cents to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, croup and hoarseness, also free sample packages of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them! adv.

Stage and Screen Offerings

ON THE SCREEN TODAY

Signa—"The Meanest Man in the World" with Bert Lytell and Blanche Sweet.
Lyric—"The Gold Diggers" with Hope Hampton.
Majestic—"Are You a Failure?" with all-star cast.
Quilna—"Thy Name is Woman" with Ramon Novarro and Barbara La Marr.

"The Gold Diggers"

Johnny Harron, brother of the famous Robby Harron, who was a Griffith star for many years, has a prominent role in "The Gold Diggers," an adaptation of David Belasco's stage success, appearing at the Lyric until Friday.
He plays the part of Wally Saunders, the rich young man whose engagement to a chorus girl threatens the loss of his vast inheritance and who is only saved when the queen of the gold diggers, Jerry, sits about and has Wally's uncle fall in love with her.
Others in the cast are Hope Hampton, Windham Standing, Louise Fazenda, Al B. Stryker, Margaret Seddon and several other prominent stars.

At the Signa

"The Meanest Man in the World" which opened Monday at the Signa theatre is a comedy drama of the Bohemian type, with heart enough, pathos and suspense to make it good entertainment. The cast is truly all star and boasts such names as Bert Lytell, Blanche Sweet, Bryant Washburn, and Ramon Novarro. The star role is played by Bert Lytell, who is so under hearted as an attorney that he has never made a success. Resolved to be the meanest man in the world, he decides to exact one of the pleasures of the "C" type out to be Jane, however, and young and pretty. When the lawyer learns that his employees want to foreclose the mortgage on the farm because they feel certain there is oil on the property. A race against time begins, to raise money to sink a well for Jane. With but five minutes to go, the well is hit and saves Jane's land but not her heart, for our lawyer wins that.
An Educational comedy "Call the Wagon" and Fun from the Press are preliminary features on the program.

OBITUARY

Sallie Belle Donavan, daughter of Mr. and Mrs. David Donavan, was born in Singer's Glens, Virginia, March 22, 1879, departed this life at her home 954 E. High St., Lima, O., March 27, 1924, age 45 years, and 5 days. She was united in marriage to Charles W. Rockhill, November 9, 1909. Early in 1921 she was stricken with a complicated disease, and notwithstanding the heroic efforts she put forth with all aid of expert medical skill, after extreme suffering, was compelled to yield to death passing as she had so often expressed she might sleep peacefully and go to her eternal reward. She was noted for her strong faith in Christ and her great devotion to her home and family. To know her was to love her and to have had her for a friend was indeed a privilege and blessing to those having known the everlasting influence of her friendship, which they will ever treasure as a pleasing tender memory.
She leaves to mourn their loss, husband, an adopted daughter, Nellie, one sister, Mrs. Margaret Stucky of Lima, three brothers, Frank of Lima, Ohio, and Charles and J. D. Donavan, of Virginia, and a host of cousins and friends.

A Beautiful woman has more power than a dozen kings and money magnates. Beautiful women control every industry and every effort in the world—Since the days of Eve she has dangled the destinies of a world at her finger tips—

Barrymore Wednesday

The engagement of Ethel Barrymore will undoubtedly be a memorable occasion so far as local theatricals are concerned. She will be seen in Alfred Sutro's "The Laughing Lady," Wednesday evening only. The vehicle has served her last season and this, it is said to be one of the most striking efforts of that eminent playwright. It is a comedy with unusual wit, repartee striking and brilliant thought and in accord with Miss Barrymore's particular genius. She has to her credit notable successes in comedy lines, and many eminent dramatic writers have given it as their opinion that she is best adapted to such parts.

Geraldine Farrar

In discussion was caused when it was announced that Geraldine Farrar, the noted American singer, who is now making a concert tour, was planning to pose for motion pictures. Some of her friends and a few of her admirers objected to the idea, claiming it unworthy of her. Mr. Farrar believes that the movies, at least as legitimate as the talking machine, and no question has ever been raised about the latter.
Miss Farrar and her company will appear at the Memorial Hall, Thursday evening, April 10. She will be seen in several of her famous compositions, including a "Cape Horn Canzon" in which she scored such a brilliant success.

SERVICE RESUMED

LONDON — Train and air service was resumed today on full schedule in all parts of London, following compliance by the workers of their offer last week.

Our 50-50 Piano Sale is Going to Close Soon

It has been a great success, but will soon end—People came, scarcely believing such a thing could be possible—that we would actually receipt for just as many dollars as they paid down, up to one fourth the value of their purchase. But they saw—they were convinced—and they bought—Most of them paid one fourth down and we receipted for the other fourth and now they own their instrument and will only have to pay the remaining one half price on our easy terms.

FOR EXAMPLE

At the left is a Player Piano that sells regularly on our floors at our "50-50 House Solution" plan at \$395. This instrument is sold as high as \$600, but because of our more convenient form of selling, we sell it at \$395.

We have for several months marked this piano down to sell regularly at \$395. It is a real bargain, at that price and is made by one of the leading manufacturers in the United States.

It is well worth \$395 and you would be a big winner if you were to pay that for it, spot cash, but under our special "50-50" Cash Reasoning Sales Plan, we will watch every dollar you pay down, up to one-fourth the original selling price. To make this plan plain for you.

If you pay \$10 down, we'll go "50-50" with you and receipt you for \$20.

If you pay \$25 down we'll receipt you for \$50.

If you pay \$50 down we'll receipt you for \$100.

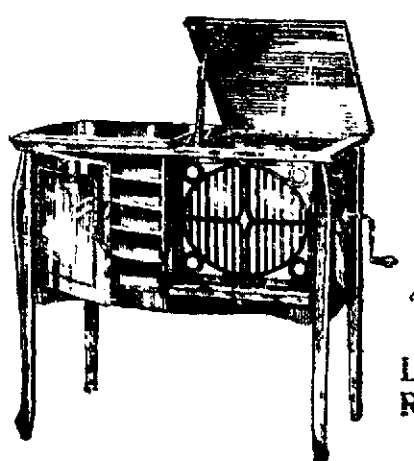

If you pay \$100 down we will receipt you for \$198.75, leaving only \$196.25, which is a little less than one-half the price of the instrument to be paid for on our liberal credit plan.

This New 88-Note Play

ONLY \$395

Other new Player Pianos at \$295, \$375, \$395, \$450 and up. Used Player Pianos \$159, \$175, \$195 and up.

LIMA NEWS
AND TIMES-DEMOCRAT
Entered at Lima, O., as second class mail matter. By mail where there is no Lima carrier, one year \$2.00; six months \$1.00; one month 50c.
MEMBER OF THE ASSOCIATED PRESS

THE STREET CAR MUDDLE
New developments are promised in Lima's street car muddle. There are rumors that the company may do the thing it refused to do at the time the strike was called—recognize the union. There are no definite statements along this line but gossip is to the effect that such recognition would end the agitation of strikers for permit from the state utilities commission to operate buses here.

Statements have been made by an official of the company that cars will be placed in the barns if buses are started under official sanction. This may be a threat; it may be the pre-arranged plan of the company. In any event, that is probably what would happen to one or the other parties for there is not enough business here for two transportation organizations. If there is, the street car company ought to be doing enough business now to reduce the seven-cent fare we have been paying for many, many months.

We would like to see the street cars continue operation. We must have them. Considerable improvement is noticeable over the old company and the present organization has a right to expect a fair profit. We are not prepared to say what rate of fare will not be a fair return on the investment but it is a matter the city should be able to answer.

Recognition of the union is a matter of policy with the company. The eastern representatives make that policy, not the local officials. We would say as an organization which employs and which is friendly to organized labor that the street car company should give such recognition serious consideration before discarding it as impossible. Particularly is this true if it will put an end to the present trouble, forestall a transportation tight and bring about harmony within the company's organization.

THE CURTAIN OF MYSTERY
The skeleton of a prehistoric woman, a giantess eight feet tall, has been dug up in the Salmon River country of Idaho. Scientists are excited about the find. The skeleton probably will wind up in a museum, to be seen by only a small portion of the public.

What a pity, old P. T. Barnum isn't alive to popularize these scientific discoveries by making people pay admission to see them. One reason for the unpopularity of knowledge is that it's free.

The mysterious past is rapidly giving up its secrets. The skulls found recently in California belonged to people who lived before the glacial period about 20,000 years ago, according to latest estimates.

Another big find is made by the Nevada mining engineer, John T. Reid. Two years ago he discovered what looked like a fossil of the sole of a shoe. It even had marks of holes punched for thread. This fossil was found in rock millions of years old. It's a scientific mystery. Experts decide it may be a freak of nature. They don't think people lived that long ago.

Reid's latest find is the fossil of a horse's foot. This fossil is annoying the scientists. They had it all figured out that the horse originally was a cat-sized animal with four toes on each foot, and that evolution gradually turned it into the modern big beast with toes gone and hoofs in their place. The fossil found by Reid should have toes. Instead, it's like the modern horse's foot. Quite a puzzle.

Science reminds us of a small boy, happiest when he is rooting around in an old attic. You have observed how scientists are delighted when they find an ancient fossil from which they can reconstruct the past.

Maybe you've also noticed the tendency, of science, to pay a thousand times as much attention to the mysteries of the past as to the great mystery of the future—namely, what happens to us after death.

PUTTING COUNTRY ON WHEELS
The auto industry expects production this spring will be larger than ever before, announces National Automobile Chamber of Commerce. It figures two million new cars will be needed to replace old ones. In February 336,363 passenger cars were made.

The war made us a millions-and-billions country, and we'll never go back to small-fry mathematics.

In Pompton Lakes, N. J., an airplane dropped into a house, but it soon wore out its welcome.

arate figures given for Hollywood. If you are a student of economics, this is the best week you have had to buy, since 1913. According to Prof. Irving Fisher, the dollar is worth more right this minute in exchange for commodities, than at any time in ten years. Of course, you must have the dollar.

Lunched with the Roanokeans, seeing many of import. At our table, Pat. Maus, the musician and radio fame; Harry Moulton, the great hunter; P. A. Thomas, the banker; and F. D. Carpenter, the traction king. The speaker was the brilliant Gene Lippincott, whose work as states attorney has gained him much fame. However, he was pleased to hear him give praise to my old college chum, Roy Rowersack, the detective. The Gene did not name him.

Seemingly, so very little to do, out and met Mawruss Hoteller, newly in from Florida; and Mack Mitschul, just in from California. The wandering snow birds have almost all departed. Except the Sarasota old timers. Who discovered that time, before even Ringling, the circus man, found it.

My idea of a contented man, is the fellow who is buying Castoria, instead of gasoline.

LIMA NEWS HEALTH SERVICE

BY DR. WILLIAM BRADY
TINCTURE OF IODIN

Item No. 8 In The Medicine Cupboard. Lesson No. 9 in the course we're giving Tuesdays and Fridays or thereabouts on the home treatment of minor ills and emergencies. If you want to save the complete set to make a guide book to keep in your medicine cupboard and you happen to miss a lesson, try the publication office for a copy of the paper for that date. I have no copies of back numbers available for distribution.

Tincture of iodine is spelled now without the final e, just a sort of affectation, but with a saving in time and labor in respect to many such words, such as morphine, cocaine, strychnine, vitamin-e; even in spelling, brevity is the thing nowadays.

Paint, mop, swab or smear every wound, cut, scratch, puncture or abrasion with it immediately, then seal or cover the injured place with an appropriate dressing—flexible collodion if it does not bleed, a piece of adhesive plaster or a pad of gauze and bandage if it oozes or bleeds. We'll see how to handle—or rather how not to handle these dressings later in the course. One immediate application of tincture of iodine will almost invariably insure a sterile wound and prompt healing, provided you do not infect the wound afterward. A surgeon may disinfect a wound as well or better by other means, but for the layman there is nothing better at present for first aid.

One drop of tincture of iodine may be taken in a glass of water once a week throughout the school year by a child for the prevention of goitre. An adult may take a drop of tincture of iodine in a glass of water every day in each third month—that is, during one month in each of the four seasons of the year—as a medicinal tation when the natural iodine food ration fails as it does in many inland sections where the people do not get enough sea food, or where there is insufficient iodine in the general food and water. In some cases of acute coryza with sneezing, a very watery running at the nose, watering and itching of the eyes and frontal headache, much relief is found from inhaling the fumes of iodine by breathing the steam from a pint of boiling water containing ten or twenty drops of tincture of iodine, or by sniffing the fumes from the bottle held in the hand, the heat of the hand disengaging the vapor of iodine. Aromatic spirits of ammonia will remove iodine stain. When you paint tincture of iodine on the skin as a counter-irritant over inflammatory swellings, paint one coat only, and do not repeat within five days. Read the motto over The Medicine Cupboard when you take down the iodine bottle. No advantage is gained by blistering or giving pain with iodine. A teaspoonful of tincture of iodine well worked into a piece of lard the size of a walnut may be applied once only for chilblains, for which it is a valuable remedy, but if the skin is recently broken this would prove too painful. One touching daily with equal parts of tincture of iodine and glycerin on a bit of cotton on a toothpick is an excellent remedy for canker sores in the mouth. In chronic sore throat and enlarged tonsils the painting of the tonsils each alternate day with a mixture of one teaspoonful of tincture of iodine and two ounces of glycerin is beneficial.
(Copyright, 1924)

JUST FOLKS
BY EDGAR A. GUEST

THE CHEAT
I cheated a good friend yesterday. Kept what was his, and went my way.

Wronged him by silence—for in haste I let a glad thought go to waste.

I had a word of cheer to speak. To strengthen him when he grew weak.

To send him smiling on his way. But what I thought I didn't say.

He would have richer been to know That deed of his had pleased me so.

But oh, I failed to let him see How much his conquest meant to me.

I cheated him of words of praise Which would have cheered his troubled days; In this a faithful friend I wronged. By keeping what to him belonged.

The praise was his right to hear. To him belonged my word of cheer; In silence, tho, from him I turned And cheated him of what he'd earned.
(Copyright, 1924)

Thou the California rain, back to town, albeit the snow, non-skid. Thence to The Elks, and dined well. On grapefruit and soup, a new expansion. The menu having previously read or instead of and. A Delphos chicken, with asparagus and sweet potatoes, head lettuce and St. Lawrence dressing. The sweet a choc-parfait.

So, feeling fit, home to read awhile, and early to bed.

Fellowship of Prayer
(Copyright, 1924)

Read Mt. 5:13-20. Text: 5:14. Ye are the light of the world.

"Men are beginning to see that the spirit of honesty and friendliness must pervade all phases of human life if civilization is to persist; they are feeling the spirit of Christ calling them to follow him in the great Christian enterprise; and a rapidly growing number of men are ready to follow him at any personal cost."

MEDITATION: In doing the world's work each one has a part to do and a necessary part. In the divine economy of life each one has some worthy task which, unless performed loyally and faithfully, renders the universe of God in this measure incomplete. God's guidance is felt in part in our sense of duty and this recompense in a sense of satisfaction in work well done.

PERSONAL QUESTION: How can I be a blessing to the world, be conscious of it, and not be vainly proud?
PRAYER: Eternal Father, we pray that we may be as light in darkness, perfectly reflecting the beauty of thy countenance. Let us not seek to hoard thy treasures but let the influence of thy spirit flow thru our lives as a mighty stream, for Christ's sake. Amen.

A THOUGHT

Study to be quiet, and to do your own business, and to work with your own hands.—1 Thess. 4:11. A

Blessed are the thorny hands of toil.—Lowell.

AN OPEN LETTER TO WOMEN

Tells of Mrs. Vogel's Terrible Suffering and How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Detroit, Michigan.—"My troubles were severe pains in my back and terrible bearing-down pains in my right side, also headaches and sleepless nights. I first began having trouble when I was 15, and they have increased as I grew older. A little booklet was left at my door, and I read what Lydia E. Pinkham's Vegetable Compound has done for women and decided to try it. After the first week I could go to sleep every night and I stopped having that nervous feeling and got a better appetite. The doctor had always said that an operation was the only thing that would help me, but I never had any faith in an operation. Since the Vegetable Compound has started helping me I do not suffer the severe pains, feel stronger, and am able to do my own work. I am more than glad to tell my friends that it helps here other medicines have failed."
—Mrs. GUS VOGEL, 6608 Pelouze Street, Detroit, Michigan.
A record of fifty years service must convince women of the merit of Lydia Pinkham's Vegetable Compound.

UNION-ST TUNNEL TO BE PAVED

Open Thoroughfare Without Crossing Dangers is City Plan

The tunnel under the Pennsylvania tracks on N. Union-st from Way-st to Pearl-st is to be opened and the street made passable by paving the use block.

This improvement opens a gateway for north and south bound traffic and eliminates crossing dangers and delays experienced at Main-st, Elm-st and other crossings along the utilities' right-of-way.

Petition presented Monday night by former Commissioner John Harvey and other property owners, asking for paving met with approval and the city plans to open the street to draw necessary legislation so the street can be paved this summer. Signers of the petition this summer pay 50 percent of the cost of the improvement. The city must pay the balance.

Utilization of the tunnel as the gateway of travel has been before officials for years but no action was taken due to absence of sewers. Water services are in sewers have been placed but the deep mud makes the street impassable for traffic. The city plans to lower the grade about two feet. This will give a 12 foot clearance under the railway, sufficient clearance for fire trucks. Four foot walks will also be built for pedestrians, eliminating the dangers experienced at Elm-st subway.

OFFENHAUER IS SPEAKER AT BOY SCOUT MEETING

Prof R. E. Offenbauer was the speaker at a meeting of scoutmasters and assistants at the Y. M. C. A. Monday night. He spoke on the subject, "Psychology of Leadership." Tuesday night the Lima Council for the boy scouts, made up of a group of business men, will meet at the office of the Timmerman Motor Sales Co. and will lay plans for a truck hike to the Ohio Caverns, and for summer camp.

Wednesday night at headquarters, the regular meeting of scoutmasters and assistants will be held. The troupe inspection contest for Lima scouts begins today. According to the scout executive, Joseph M. Butcher, troops must be ready for inspection any meeting night.

BELMONT-ADDN CITIZENS MAY GET WATER SERVICE

Property owners in Belmont addition along the Findlay-rd will receive city water service providing they guarantee the city a six percent return on an \$8,000 estimate for completion of the project.

City Manager C. A. Bingham in bringing the question before commission Monday night urged approval of the plea of 12 property owners for water, but when facts were shown that returns fall about \$300 below the six per cent, commissioners advised the manager to negotiate with property owners toward meeting the deficit.

Installation of water service would benefit the isolation hospital as the city is compelled to haul water there in dry seasons. Wells dug in that vicinity taste strongly of sulphur and the water is almost unfit for drinking purposes. Manager Bingham reported in filing his recommendation.

AMBULANCE REMOVALS

SIFERD'S, D. E. Crawford from 728 S. Elizabeth-st to St. Rita's; Mrs. Clayton Eiche from St. Rita's to West Newton; S. A. Logsdon from City to 734 Fairview-av; Walter Hines from 202 E. Kibby-st to City and return.

CANTWELL'S, L. R. Davis from St. Rita's to 28 Superior-st; Mrs. C. Coffee from 416 N. Pine-st to City; Mrs. Florence Mormon from St. Rita's to 517 E. Vine-st; C. G. Lappin from Gomer to City.

ENGINEER KILLED

C. C. Runyon Dies in Accident; Body Returned Here

Body of Cloyd C. Runyon, 40, engineer, who was killed in an accident Monday in Detroit, will be crissle.

Details of the accident have not been learned. Runyon is survived by his wife and two sons. He is the son-in-law of Mr. and Mrs. George Wolf of Lima.

TRANSFER OF MONEY IS MADE TO PAY SALARIES

Commission Monday night again robbed Peter to pay Paul. Unusual transfer of funds from the depository interest fund to the public safety fund to meet payrolls of policemen and firemen was approved. The transfer amounted to \$2,994.60.

Twenty-five dollars was also transferred from the depository interest fund to the public health fund.

Portion of the salary of Auditor C. H. Churchill is paid from the waterworks fund. A recent amendment to the state code made this possible and now part of the waterworks revenue is used to meet his salary in addition to the salary of the city manager.

JOSEPH BEART DIES AT HOME OF HIS DAUGHTER

Joseph Beart, 72, died Monday night at the home of his daughter, Mrs. Freda Sharp, of 419 N. Collett-st. Death was due to heart trouble after an illness of six months.

Beart was born in Mercer-co, Ohio and was a retired tank builder. In addition to the daughter with whom he lived, he is survived by two other children, Mrs. Molly Cattey, of Lima and Henry Betts, of Massillon.

Services will be conducted at the residence Wednesday at 2 p. m. with Rev. E. Bruce Jacobs, pastor of Calvary Reformed church, in charge. Interment will be in Woodlawn cemetery.

NEW TAXI RATES GO INTO EFFECT HERE SATURDAY

New taxicab meters which have already been installed on all Yellow and Red Top cabs, and which are being installed on the Checkers, will be used beginning Saturday, it was announced Tuesday. The use of these meters will change taxicab rates in Lima, it is claimed. Rates on long-distance hauls will be boosted nearly 50 per cent, while short distance passengers will be charged a lower rate.

Officials of the Yellow and Red Top companies have purchased new uniforms for their drivers in the form of civilian clothes with the company's emblem on the pocket.

Nucoa is purely vegetable—contains no lard or animal fat.

BEGIN HERE TODAY

Salie Pack, employee of the Fair Deal Five & Ten, quarrels with her policeman sweetheart, Michael Curran. At night Salie goes into the park to take down a washline for Mike. When she reaches the park she finds herself in strange surroundings. A young man calls her Alva Copeland and Madame Copeland, a tall, richly gowned woman, takes her to her room. Salie, who makes love to her. She resolves to solve the mystery of why she is being substituted for the real Alva Copeland. Michael Curran, and his friend, Captain Trevor, follow the trail of the missing Salie. They go to a garage, where a strange girl rents a car and makes a mad drive.

NOW GO ON WITH THE STORY

"I've been expecting one of you boys might drop over here sooner or later to ask about her. There was something mighty queer about that young lady! Frank! Oh, Frank!" He called back over his shoulder into the depths of the garage, then turned once more at Mike's anxious question.

"What do you mean by 'queer'?" "Crooked, maybe!" Halloran spat copiously, unaware that the ender's hands had clenched at his reply. "All I know myself is that she came to me straight from Giovanni's over there—where we watched you pull off that pretty little raid on his game just now—and wanted to hire that car and an expert driver to take her to New York. That might have been about half-past seven. I let her have the best I had for fifty dollars the trip."

"What make car is it? What's the number?" Halloran gave him a quick glance. "That's what the young lady asked, too! 'Tis a Carmagnac, '20, and the number's 27-769 Z. Here's Frank, and he'll show it to you if you like."

"I'll take your word for it," Mike turned to the younger man who had emerged negligently from the garage. "Where did you drive the young woman to, in New York, last Tuesday?"

"Nowhere!" Frank grinned. "She changed her mind after we got well started, but as she'd paid in advance and only wanted to shorten the trip it was no business of mine. The Carmagnac's just been gone over—repolished, painted and the engine overhauled—and she ran like a breeze, so in less than two hours we were half way to New York. It was then the young lady—and I could swear from her speech and manner that she was a lady—leaned forward and touched my shoulder. I slowed down and she asked me what large cities were right near New York. I took her for a stranger, of course, but she bluffed me, all right, I guess. Anyhow, I told her Orkney City was the nearest with Oldham just this side of it. She chose Oldham and told me to let her out at the principal street corner there. I did, and there was a feller waiting for her."

"A fellow?" Mike repeated stupidly. His throat went suddenly dry and his temples throbbed. "Looked like a city detective to me," commented Frank. "Bang-up clothes but flashy and his hair plastered down like a movie guy. He came up lifting his hat just as she was getting out and called her by a name I didn't catch, though she was going to faint at first, but she pulled herself together and said: 'You are mistaken. I am Miss Hester. He gave me a slant-eyed look and says quick: 'Sure you are. That's what I said. Your aunt is waiting for you at this address. She's been worrying about you but I see you're all right.'"

"Her—ahnt!" Mike repeated again as though in a daze. "Yeah, and when the feller said he 'saw she was all right' the young lady backed up on to the step of the running board again and I thought it was time for me to butt in. I says to her: 'If you like I'll take you to that address, miss, if it isn't any further than New York. It's already paid for, so no how.' She looked sort of undecided but the feller spoke up: 'That's all right, chauffeur. I'm a confidential clerk in the employ of this young lady's uncle and if she told you to drop her here she knows her own business best. I hope you'll hurry, miss; your aunt's anxious. He lifted his hat again and walked fast up Martin Street, the way we'd come, and the young lady stepped down again, gave me a ten-dollar tip and started off down Brook Street. It was to the junction of Martin and Brook that I'd brought her. I thought it was pretty funny but I turned back up Martin Street on my return trip. I didn't see that feller anywhere and on a hunch I circled the block to Brook again just to see if anything was doing and there on the corner of Brook and Railroad Avenue he and the young lady was talking together as pleasantly and friendly as if they'd known each other all their lives."

"Is that all?" Mike had regained command of himself and his tone expressed amused contempt at his informant's interest. "No, it ain't!" the latter retorted. "All the way from here she was scared to death at the sight of me. I was hitting up, I guess—and yet urged me on faster, and so how smart she was getting me to name Oldham myself, well knowing that the only busy corner in the whole town was Martin and Brook! Then she pretended not to know the feller and to be scared or uncertain when he wrote her aunt's address on that card and handed it to her. She just crumpled it up in her hand without looking at it, so I didn't get a sight of it, either, although I was trying to."

"If you were so suspicious of them," Mike's tone was bland, "why didn't you hang around a little longer and see where they went?" "I did better than that!" declared Frank. "I parked the car amongst the others across at the railroad station the better to watch them but they separated in a few minutes, she going into the side entrance of that department store that fronts on Brook, and him back up Railroad Avenue. I followed him into a drug store and when he went into a telephone booth I took the next bus, when I found I couldn't make out a word he was saying I beat it back to that department store. I had a hunch I'd better keep my eye on the main entrance around on Brook. Gee! I waited there more'n three hours, strolling back and forth to the corner of Railroad Avenue but didn't see anything more of that slick-looking guy."

He paused for breath but Mike with a quick glance at Lieutenant Trevor who was hovering near, demanded eagerly: "The girl, Halloran! Had you lost her, too?" "Wait till I tell you! I was still hanging around the entrance to that department store at about three in the afternoon when a woman came out of the hairdressing place next door and started past me toward the station. She had on a blue serge suit and a little blue hat and carried a bag in her hand. I saw she had black hair and was turning away but something made me take another look and it was the same girl! I'd swear it anywhere!"

Mike uttered a sharp exclamation. "Did she see you?" "Nope. She was looking around pretty hard but I guess it was for that feller. There was a train for New York just pulling in and she almost ran to catch it, with me after her. I got on the platform in time to see her climb aboard just as it started. That's all. I snooped around a little longer to see if that guy would show up but he didn't, so I drove on home. Say, is there any reward in this?"

"If there is, Halloran, I'll see that you get your share of it for you've done good work, but none's been offered as yet. Come on now, Lieutenant. Sorry to have kept you waiting so long."

For a while they drove on in silence through the night for Mike was wrapped up in his problem and his companion, too, seemed lost in moody thought. It was the latter, though, who finally broke the silence between them.

"I couldn't help overhearing some of that talk, Mike. Are you out after some lady crook?" "I'm after my girl!" Mike exploded. "We had a pretty bad quarrel last Monday night and early the next morning she was out in her back yard—she lives alongside the tracks—when the Gotham Arrow was wrecked and the cars crashed through the fence and caught fire. The body of another girl was identified as hers, burned beyond sure recognition, and I've reason to believe she took advantage of the excitement to run away."

"You think she was the girl that garage man talked about?" Trevor spoke with sympathetic interest but there was a note almost of pain in his tones.

"I do, and I think he was talking through his hat!" Mike exclaimed. "Salie hasn't got any aunt and she never went to Oldham—to meet another man. I'd stake my life on it even though she had told me only the night before that she was through with me for good and all!"

There was silence between them for a space and then Trevor said slowly: "Well, Mike, you're better off than I am. A lovers' quarrel is easily made up and you'll surely find her for it's part of your business to trace people and you've had the best training in the world for it. Curiously enough, it was about my girl, too, that I went to Shaftstown this afternoon. She was in that Gotham Arrow wreck."

"What?" Mike started violently. "You don't mean—!"

"Oh, she's alive I saw her this morning!" There was a pause and then Trevor accelerated their pace a trifle and spoke impulsively above the steady drone of the motor. "We used to be pretty close to each other in the old days, Mike, and I'd like to tell you about it; I don't think I could speak of it to another living soul."

"I'd be glad to hear, Lieutenant—" the other began warmly but Trevor interrupted him.

"Then cut out the 'Lieutenant' and 'sir' stuff, old man! I got my old job back with the Insurance people, you know, and it has kept me on the jump traveling back and forth between New York and Frisco. I was returning only a month ago when I met on the steamer the first woman I've ever cared for. She's only a slip of a girl, Mike, blond and big-eyed and just out of a convent, as innocent as a baby! Beautiful, too!"

THE TANGLE

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM WALTER BURKE TO MUTH ELLINGTON

I am sailing home to you, Ruth, dear, and now that I have turned my face toward you, it just seems to me that I cannot wait.

You know you promised me, Ruth, that you would get a divorce from that man and I received word the other day that Mortimer Jenkins that you had done nothing of the kind. Have you gotten over loving me, Ruth?

There, I've said it. For, altho you never told me so, I am sure that you did love me and I cannot go sailing on around the world and know that you have put yourself out of my life without a word.

Why, Ruth, I am mad, I am crazy about you. I can think of nothing but you. When I look over the water I see you coming down the path of silver, which the moon has made, and when that vision passes, the whole world is dull and flat.

The only way that I can be contented again is by closing my eyes and picturing your hair, your eyes, your precious darling mouth; oh, I tell you, I knew every tiny look of them.

If I were an artist I would not have the slightest trouble of painting your portrait from memory.

I know the feel of your delicate hands and I can see the tense way in which your nails used to press down into your palms when that scoundrel of a husband of yours made you more than usually unhappy.

And I can remember how I wanted to take those little hands in mine and tell you how much I loved you. And your step: "Were there ever so airy a tread, my heart would hear it and beat; were it dust in an earthy bed, my dust would hear it and beat, had I lain for a century dead."

That is not Tennyson, dear, it is just myself because I love you so.

I thought I loved you when I left you, when I tried to play the game. You will never know how hard it was for me to leave you.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Always remember when Joint-Ease gets in joint agony gets out—Quick.

Stiff, swollen, inflamed, rheumatic joints should be treated with a remedy made for just that purpose only.

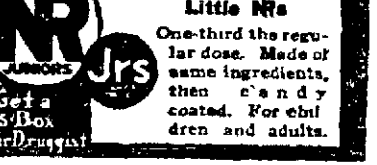

Remember the name of this discovery is Joint-Ease and it will take out the agony, reduce the swelling and limber up any troubled joint after ordinary cure-alls have miserably failed. Just rub it on—60c a tube at Green's Public drug store, Hunter's drug store, Argonne drug store, adv.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal tablet remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Hunter's Drug Stores and druggists generally, that is guaranteed?

HEM-ROID banishes piles by removing the internal cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure and lasting relief to thousands of pile sufferers, and saves the needless pain and expense of an operation. There is no reason why I should not do the same for you.

MA STRIBLING YELLS FINISH HIM AS SON SLAMS MIKE

SCHOOLBOY EASY VICTOR RIGHTFULLY WINS TITLE

(BY HENRY L. FAIRFELL)

NEW YORK — (United Press) — By the grace of "Jersey Justice" which does not permit decisions on boxing contests, Mike McTigue, of County Clare, and New York, still holds the world's light-heavyweight championship.

Before a crowd of 14,000 in the Newark armory last night, Young Stribling, just out of a Georgia high school, widely and convincingly outpointed McTigue in a 12-round bout.

The score was 11 to 1 in favor of the young southerner.

In the tenth round Stribling tried to take the law into his own hands, when he snatched over a strong right hand that caught McTigue in the jaw and sent the champion to his knees.

"Ma" Stribling, his mother, dashed to his corner and shouted in a high voice that carried over the din raised by the crowd: "Finish him, boy, finish him!"

Stribling couldn't finish him then. He hasn't been in the business long enough to know how to put the finishing touches on a job almost done.

McTigue came up dizzy, without taking the full count and he "smarted" his way from the finish.

McTIGUE WAS TO BE REVEN

McTigue at the end of the bout was a tired and mugged up champion. The champion, blinded by showing on being short of work and it was apparent that Stribling had done the wise thing in taking 11 rights after their first attack in Georgia while McTigue remained idle.

Stribling gave McTigue many chances early in the fight to take the offensive and show what he had. When he found that the champion had so little, Stribling took the fight away from him and carried it thru every round.

McTigue obviously was trying for a one-punch fight. He gambled on getting over one punch that would get Stribling off his feet. In the second round he got one good crack at Stribling's jaw and the younger was rocked to his ankles, but he came right back.

The champion was wild on the offense. He was short with his punches, his timing was poor and his footwork was even inferior to that of the youngster he thought he could "outclever."

30,000 TURNED AWAY

NEWARK, N. J. — (By Associated Press) — Young Stribling, nineteen year old Macon, Ga., school boy, would be light heavyweight champion of the world today, if the laws of New Jersey permitted decisions.

Before a crowd of 15,000 persons in the First Regiment Armory last night, he outpointed Mike McTigue, the title-holder in every one of twelve fast rounds. While 30,000 additional fight followers were being turned from the gates by squads of police, Stribling systematically counted off one round after another in his favor.

There was more spirit outside the ring than in it as the fans expressed their joy or sorrow by breaking chairs across each other's heads. It took twenty policemen to subdue the display of feeling which followed the final bell.

In the tenth round the young southerner floored McTigue with a vicious right but failed to follow up his advantage. The champion was badly beaten and bears the marks to prove it, but Stribling lacked the final punch to clinch his victory. McTigue still carries the title.

Ringside onlookers included Governor Silzer, of New Jersey, Tex Rickard, Mabel Norman, film star, Charles Stoneham, president of the

BEN TURPIN TAKES TILDEN'S PLACE ON U. S. OLYMPIC TEAM

LOS ANGELES — April 1. — (Special to Lima News) — The announcement today that Benjamin H. Turpin III, celebrated butt of the film, will play for America in the Olympic tennis matches startled the sports world.

Turpin is to replace William Tilden III, national champion and one of the greatest players of all time. Tilden was rendered ineligible to compete by the recently adopted rule barring paid writers from amateur competition.

At first the tennis world was inclined to accept the statement that Turpin would be a member of the Olympic team as the work of a wag. Then it became known that Turpin has been playing tennis for more than 20 years, and is the holder of numerous trophies.

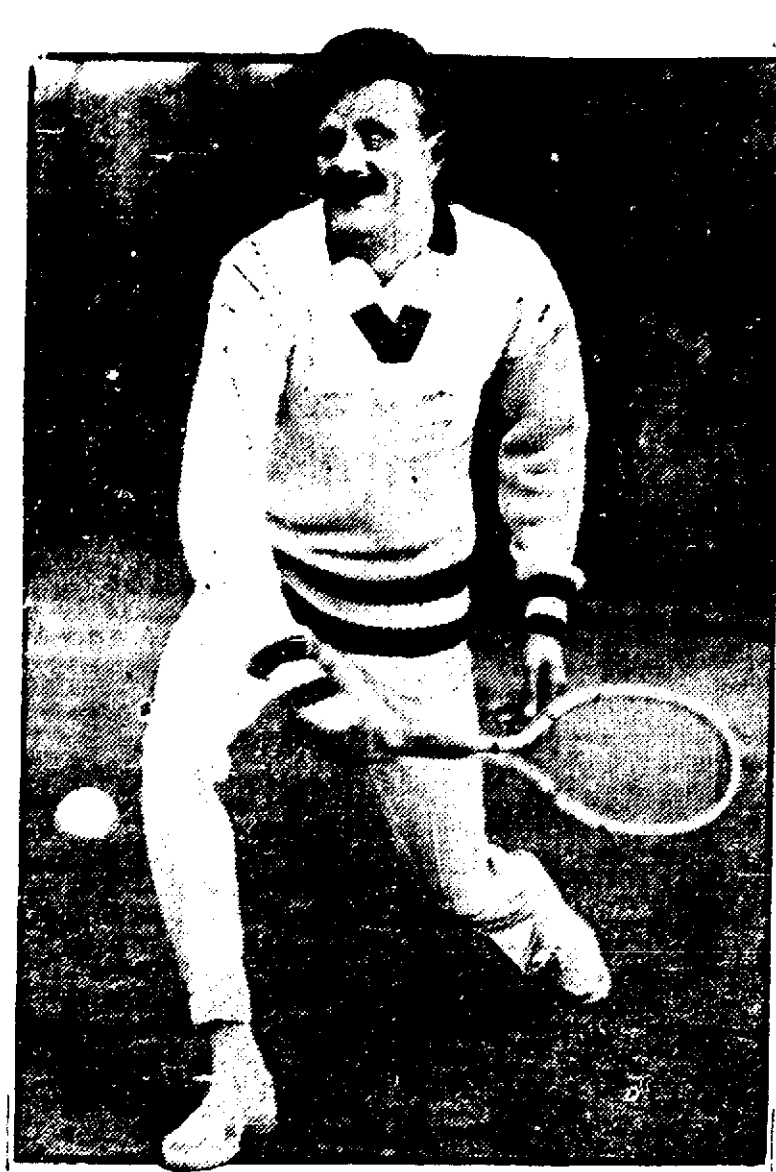

As is generally known, Turpin is afflicted with crossed vision. This condition has netted him a fortune in the screen comedies. It also develops that his great skill as a tennis player is directly attributable to the same condition.

Turpin appears to be looking in one direction, then hits the ball in the opposite direction. This is said to have a most baffling effect on the opposition and gives Turpin an unusual advantage. Turpin has been known to win set after set without having a single return made on his service.

It is reported that Turpin defeated Tilden decisively in a private match here some months ago when the national champion was visiting in Hollywood. Owing to the actor's native abhorrence for publicity the result of the match was not made public.

Turpin has not positively decided that he will have time to make the trip abroad. He is engaged currently in making a new dramatic spectacle entitled "Home and Honor," and it is his wish to finish this before turning to tennis.

Turpin promises to announce definitely his intentions to officials of the

United States Lawn Tennis Association first of April, isn't it? Darn these April Fool things anyway

AS A MATTER OF FACT

Being a Criticism of the Just and the Unjust in the World of Professional and Amateur Sports

BY HARVEY QUADRY

Among the other virtues that Harry Wills possesses, patience is certainly one of his most important. Memory recalls the fact that long before Dempsey fought Carpentier, the New Orleans colored giant tried all the wiles known to tricksters to beguile the champion into a match for the title, and all to no avail.

He and his manager Paddy Mullins, who all along has had the limit of confidence in the prowess of the black boxer, have waited as patient as a stoic, until the end is in sight. As the colored boxer the same sturdy, gripping boxer he used to be? There is reason to believe that his hands are bad and that

of New York for it is rumored, thru politics that other forces have forced both the pugil grounds and the Yanks stadium. But it must not be forgotten that he has Boyle's thirty acres over in Jersey, and the sports of the metropolis are strong enough to go far and still farther. If they can see a good bout in the holding contests at night in the city

BOUTS WITH FOREIGNERS

Rickard says that while Jack Kearns has signed no papers for a meeting with Wills, he has the word of Jack's manager and that is as good as his bond. With this Rickard, not so much, perhaps, to please Wills as to further his own ends, has signed the colored boxer for a series of bouts in the metropolitan district. Contracts have been signed by Mullins for two and probably three fights between June and September. The contract is so made out that Wills will take on Erminia Spalla, Italian heavy; Quintin Romero Rojas, Chilean

FOREIGN BOXERS

How things do change. Then the history of fighters in the past couple of centuries foreign boxers, outside of England, where the sport is it is now known originated and Ireland, where so many real fighters came from none of any considerable importance have been developed. Carpentier is the most important and seems to have been the inspiration for the remainder of present day scrappers. Nothing is certain of the prowess of either of these supposed boxers. Central Americans have tried to prove that Turpin is not the logical champion, that the honor belongs to Rojas. The Italian has had some experience and may be the goods, but so far as having a true standard of his ability, no one knows. It is easy to understand that Rickard has been sorely put for opponents in the heavyweight ranks and was necessitated in combining the world for logical contenders for Dempsey's crown, for it is a fact that the greatest money is in the heavyweight battles. So it is interesting to know the outcome. The world is a big place, among the hundreds of millions of human beings it is quite

possible that one could be found able to play with the champion as a lion would with a lamb, only so far they haven't been discovered. To a great extent Rickard deserves credit in bringing these foreign champions to this country, and he is wise in signing Harry Wills to go against them.

How About That Home Made Set

We have heard several people make the remark that although the best of materials and parts had been used in building their own sets, yet they did not seem to perform as good as expected.

This can easily be true for no matter how excellent the apparatus it means nothing without that experienced finishing touch essential to a GOOD RADIO.

In case you are having trouble of any kind with your Radio Set and cannot find the source of the trouble, let us look after it for you. Years of experience and study make it possible for us to guarantee that you will be perfectly satisfied with results we obtain.

East Met West In Caging Tourney

CHICAGO — East met west in the first game of the national interscholastic basketball tournament here today.

Prep teams from Manchester, N. H., and Boise, Idaho, will open the tourney at noon. This game will be followed by nine others as rapidly as they can be run off, twenty teams competing today. The other bracket of 20 squads will swing into action Wednesday and the first games of the second round will be played at night.

Last minute withdrawals of teams from Holyoke, Mass., and Fond Du Lac, Wis., were taken care of when Battle Creek, Mich., and Hibbing, Minn., were substituted. The tournament sponsored by the University of Chicago has been an annual event since 1918. Kansas City, Kas., won the meet last year.

Experts Have Dispute As To Winner

YOUNGSTOWN — For the second time within a month the outcome of a boxing match here is disputed. One of the local dailies says Morrie Schaffner of Omaha, won over Jimmy Jones of Youngstown, in last night's 12 round bout while the other maintains that Jones won. The newspapers also disagreed over the recent Stow-Tremaine bout. A collection of \$1,000 was taken last night for the family of Patrolman Joseph Leonard, killed last week while making an arrest.

Working Out The Kinks

ST. LOUIS — (Associated Press) — The Williams-Jacobson-Tobin combination will be seen in the outfield of the St. Louis Americans for the sixth consecutive season, Manager Sisler has decided. In the five years together the Browns' three musketeers of the garden patch own a composite batting average of .330 while in friendship they claim to be batting a thousand.

CLEVELAND — The Cleveland Indians will establish permanent spring training at Lakeland, Fla., if a bond issue carrying an appropriation for the purchase of the field and construction of a concrete grandstand is carried in June, according to advisors received today. Before departing for Atlanta with the team today, President E. S. Barnard arranged for the issue, the advice state, and was assured it would carry.

CINCINNATI — The Cincinnati baseball club is considering the purchase of Tinker Field at Orlando, Fla., as a permanent training camp. It was learned here. The Florida State League club has not been a financial success and it is said creditors are likely to foreclose and cut up the field into building lots. There will be a meeting of the stock company Tuesday which President August Herrmann will attend and make a bid for the property with a view of recommending its purchase. The Reds are scheduled to play their last exhibition game at Orlando this afternoon. Saturday they leave for home.

PHILADELPHIA — Pitcher Jess Winters has been sold by the Philadelphia Nationals to the Portland team of the Pacific Coast League, according to dispatches from Leeburn, Fla. He came to the Phillies from the Giants.

CHICAGO — Frank Chance, manager of the Chicago White Sox, again has been delayed in his plan to join the club at Chattanooga, Tenn., Friday, and will not take charge until the opening of the American League season, according to a telegram from him to club officials. This time it is trouble with his teeth, seven of which he had extracted yesterday after an X-ray examination indicated they were diseased. The latest report is that Chance's physician expects him to improve rapidly as soon as his system eliminates the poison generated by the abscessed teeth, and that the "Peerless Leader" is determined to attend the Chicago opening if he has to be brought here on a stretcher.

BOSTON — The Boston Nationals suffered their second casualty as a result of appendicitis yesterday when Joe Batchelder, southpaw pitcher, brought from the Pittsfield club of the Eastern League was operated on yesterday at St. Petersburg, Fla. Outfielder Gus Felix was operated on for the same trouble two weeks ago. The Boston Americans broke camp at San Antonio, Texas, yesterday. Hugh Duffy set out for the north with eight rookies.

BARLENBACH KAYOS KROHN

(Associated Press)

Paul Barlenbach, of New York, middleweight sensation, whose knock-out streak was stopped recently by Jack Delaney, staged a comeback when he knocked out Harry Krohn, of Akron, Ohio, in the fourth round of a ten-round match, semi-final at the McTigue-Stribling bout.

BABE MAKES LONGEST HIT

NEW YORK —

While Babe Ruth's Big Bertha boomed the longest home run of his career, thus helping the Yankees beat Rochester International League, 8 to 2, and Washington crushed Brooklyn, 8 to 3, rathi penned the Giants in hotel boxes yesterday.

From the home plate to the center field fence on the diamond at Mobile the distance is 436 feet. The

center field fence is thirty feet high. The ball slammed by the Babe, cleared the fence by ten feet. Baseball writers and other experts agreed that the homer was a record for the Babe.

At Tampa, partly thru the errors of Wheat and Klungman, and partly on account of the excellent twirling of Walter Jones and George McEldridge, the Dodgers went down to defeat.

Fort Wayne Y. M. C. A. S. Y-Indus club will invade Lima Tuesday night for a game with the Lima Yandus club at the "Y" floor. Fort Wayne defeated the local team two weeks ago at Fort Wayne by a small margin.

Lima will pit its strongest lineup against the visitors and with the advantage of playing on its own floor should turn in a win over the Indiana crew. In the game at Fort Wayne the second team started the game and it was then that the home team pulled up a commanding lead.

ST. PAUL — Walter "Farmer" Lodge, heavy-weight pugilist of St. Paul, was granted a divorce yesterday from Bessie Lodge, whom he married in April, 1929. He alleged desertion.

In the championship bout the challenger was punished severely and knocked out in the twelfth round, still on his feet, but unable to defend himself. Franklin then stopped the one-sided affair.

Franklin told the commission that the suggestion to fix the fight was made late on the afternoon of the day the bout was to be held. The man who made the proposition was a western Maryland man he said and the means to be employed were to have Greb disqualified for unfair tactics in the ring.

Latrebe Cogswell of the commission after the weekly conference said that he would summon several of the principals in the Greb-Kelso match to appear before his body next Monday afternoon.

NEW YORK—(Associated Press)

Stock prices displayed an improved tone at the opening of today's stock market. Gains of substantial fractions were recorded by a variety of industrial shares, including General Electric, Studebaker, Chrysler, Stewart-Warner and American Tobacco. Selling of American Woolen, however, drove that stock down a half-point to a new low at 47 1/2.

Rallying tendencies in evidence yesterday gained headway as trading expanded. Particular strength was shown in the motor group with Nash Motors advancing 3 3/4 points. American Can, Dupont, Phillips Petroleum, Chesapeake and Ohio, N. & W., and So moved up 1 to 3 points. LeClair Gas was stronger on a change of control which passed to the W. A. Harriman interests. Kelly-Springfield weakened later, declining over a point on selling inspired by uncertainty over impending action in the preferred stock. Foreign exchange higher.

The improved outlook for progress in legislation in Washington accentuated the recovering in stock prices in the early dealings, although profit-taking developed in spots. General Electric's early gain of almost three points was virtually cancelled and Studebaker, after displaying early strength yielded more than a point to renewed selling pressure. The demand widened for a number of specialties and merchandise shares, bringing about advances of one to more than 3 points in U. S. Steel, Republic Steel, Sears-Roebuck, Famous Players, May Department Stores, Associated Dry Goods, and U. S. Industrial Alcohol. Jones Tea was hammered down almost four points to a new low at 18 1/2 as a result of the company's failure to earn its preferred dividend. Call money opened at 5 per cent.

SEWER WORKER IS
CAVEIN VICTIMDirt in Main-st-Tunnel Buries
Employee; Man Rescued

Charles Lazari, Italian laborer on the McHugh-Cole Construction Co.'s Main-st sewer job, was rescued from death at 9:45 a. m. Tuesday in a sidewalk cave-in of the 15 foot tunnel at W. High-st and Main-st.

A ton of dirt loosened while Lazari was installing sidewalk supports buried the man against the opposite wall of the tunnel while fellow workmen stood helpless to aid Lazari whose death seemed inevitable.

After 15 minutes frantic rescue work before the eyes of spectators who expected to see the lifeless body drawn from the tunnel, Lazari was rescued nearly unconscious. He suffered a deep cut back of his left ear and two bad bruises were found on his right elbow and right shoulder. The man is at his home.

A boom which served as a break-wall for the dirt and formed an air pocket for the entombed man saved Lazari's life, according to P. J. O'Connor, city inspector, who was supervising work when the cave-in occurred.

"Had not the air pocket been formed when the boom broke the fall of the dirt which entombed Lazari, he would have been suffocated under the dirt," O'Connor said.

POLICE INVESTIGATING
MINOR ROBBERIES HERE

Police investigation of the stick-up and burglary Sunday night which netted bandits \$64 in cash is still under way with arrests expected.

A rear window in the coil Oliver Soft Drink cafe, 108 S. Union-st, was shattered by burglars who forced entrance into a cash register and escaped with \$12 in cash, \$6 in change and \$6 in bills.

While enroute home Sunday night W. C. Wallace, 472 E. McKibben-st, was held up by two unmasked bandits who jumped from an alley at E. Wayne-st and robbed him of \$32. One of the bandits held the victim while the other looted his pockets.

HOME FORCIBLY ENTERED
BY PEDDLER, IS CLAIM

Forcible entrance to her home by a peddler who was selling an "Obedient" soldier publication was reported to police by Mrs. Herman Houchins, 152 Circular-st.

The man, posing as an ex-serviceman, appeared at the front door of the home and when Mrs. Houchins told him she didn't want to purchase the book she says he forced his way into the house and became abusive.

Police have a description of the peddler who is believed to have departed from the city to evade arrest.

CAN'T BEAT "TIZ" WHEN FEET HURT

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, blunton-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and they'll take another drive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy, also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture. A few cents buy a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get, how comfortable your shoes feel.

Will Take Off All Excess Fat

Do you know that there is a simple, harmless, effective remedy for overweight that may be used safely and secretly by any man or woman who is losing the slimmness of youth? There is; and it is none other than the tablet form of the now famous Marmola Prescription Tablets. You can well expect to reduce steadily and easily without going through long stages of tiresome exercise and starvation diet or disgusting greases and salves. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or you can secure them direct from the Marmola Co., 4612 Woodward Avenue, Detroit, Mich., on receipt of price.

Why Asphalt Paint is Better

Asphalt is nature's best waterproofing, and waterproof paint lasts longer than other kinds.

Valdura Asphalt Paint is not only true asphalt paint, but the asphalt is the finest obtainable—Gilsonite 99.5% pure natural asphalt just the way it comes from the mines. There is no coal tar, artificial or man-made asphalt in Valdura. Valdura is easier to apply, spreads further, lasts longer and costs less than any similar paint made.

VALDURA Asphalt Paint

will waterproof and protect anything you apply it to. It is particularly adapted for roofs, implements, farm machinery, tanks, bridges, heated surfaces—everywhere—and on any surface, metal, wood, cement, cloth or paper, requiring protection from water, weather, acids, alkali and varying temperatures.

Valdura is made in brilliant, glossy Black and in durable shades of Red, Brown and Green. It is the only successful colored asphalt paint known.

You will be very much interested in the Valdura booklet, "Asphalt and its 3000 Years of useful Service." May we send it and a free test sample?

Distributed by EVANS & THOMAS Lima, Ohio

A PLEASING EXPRESSION

is more fascinating when teeth are perfect and well set. A replaced tooth is usually a pleasant surprise to your friends, as well as an aid to more thorough mastication. The grinding of food is more evenly distributed when there are a sufficient number of good teeth.

You will enjoy the usefulness of teeth that I replace and the need of them is likely greater than you may realize.

Prices are no more than the careful dentist charges. Make your call, save pain, and enjoy better teeth.

DR. FOUST AMERICAN BONE BLANK

This Big Bottle of JACQUES CAPSULES for Indigestion

Should be in every household. It means quick relief for those stomach ills which bring pain and discomfort to every one at some time. Easy to take. Quicker than pills, tablets or bicarbonate of soda. The price is moderate. Satisfaction guaranteed. At any drug store. Try them now. JACQUES CAPSULE CO. PLATTSBURG, N. Y.

TEXAS OFFICER INDORSES IT

Policeman Says Plant Juice Quickly Ended His Awful Stomach Trouble

NOW FEELING FINE AGAIN

"Since I have taken your Plant Juice, my stomach trouble is gone and I feel better than for 30 years," declared Officer J. T. Stark, living at 516 McKinley Avenue, San Antonio, Texas, traffic policeman, while talking recently with the Plant Juice Man at San Antonio.

OFFICER J. T. STARK

"Before I took Plant Juice, it seemed like all my food would form into a lump at the pit of my stomach and it caused a sore spot there and awful suffering. I bloated up with gas and had attacks of pain in my stomach. At times, while on the way to work, mornings, I would have one of these attacks of pain and would have to stop because of the suffering. Besides this, my liver was sluggish and I had bilious headaches and pains across my back from my kidneys. I got up mornings feeling tired and worn out and as though I had not been to bed at all and I was always cross and irritable.

"I took about everything in my attempts to get relief but it seemed like nothing would help me and then, finally, I heard of Plant Juice and I want to say that words cannot express my thanks for the relief Plant Juice has given me. My appetite is fine now and my stomach is in such good condition that I believe I could eat flint rock and not suffer afterward. I am always hungry, eat anything and nothing hurts me and I have been relieved of the gas and bloating and the soreness at the pit of my stomach left like magic when I started on Plant Juice. The bilious headaches and pains in my back are gone. I sleep fine and get up mornings rested and I am gaining weight. In short, I feel better than for 30 years and surely cannot see why people will continue to suffer when Plant Juice is so easy to get.

Plant Juice is sold in Lima at the Hunter drug store, 49 Public Square and Main and Wayne streets; and at the Argonne drug store, 3009 Park City.
